INTERVIEW SUMMARY

Dear Sir:

Applicant acknowledges receipt of the Interview Summary mailed July 18, 2005. The Examiner's Interview Summary is directed to a telephone conference between SPE Lesley Morris and undersigned counsel. As required, and in concurrence with SPE Morris's Interview Summary, below is undersigned counsel's statement regarding the substance of the interview.

Related to the original and final rejection, undersigned counsel objected to the Examiner's failure to identify within each reference the elements of Applicant's claims arguably found therein. In response to the first office action, undersigned counsel requested clarification, which was not provided in the final office action.

As such, undersigned counsel requested in the telephone interview with SPE Morris that the final office action be replaced by a new, non-final office action specifically identifying the elements of Applicant's claimed invention arguable within the cited references. SPE Morris agreed to have such a clarifying action issued.

Therefore, undersigned counsel will await a new office action for this case. Applicant is grateful for SPE Morris' assistance in this matter.

Respectfully submitted,
